Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner of Patents and Trademarks

1. The examiner has substituted the drawings filed on April 20, 2001, with the formal drawings attached herewith.

Authorization for this examiner's substitution was given in a telephone interview with Mr. Mike Smith (Reg. No.: 39,563) on July 19, 2001.

2. In the specification, page 17, between lines 27 and 28, the following sentence has been inserted: -- Appendix A shows various application of the present invention--.

Authorization for this examiner's insertion was also given in a telephone interview with Mr. Mike Smith (Reg. No.: 39,563) on July 19, 2001.

3. The changes to the drawings have been approved by the examiner and agreed upon by applicant.

4. The examiner's comment relating to the correction of the formal drawings are that:

(a) The label "Fig. 3" on page 3/3 of the drawings has been changed to --Appendix A--. With this change, only two pages of drawings remain. Appendix A is an appendix rather than a figure of the drawings; and

(b) The change has been made because in the specification: (I) the "Brief Description of the Drawings" section does not recite any thing about figure 3; and (II) the "Detailed Description of the Invention" section does not describe any of such figure 3.

5. Any inquiry concerning this communication from the examiner should be directed to Ly V. Hua whose telephone number is (703) 305-9684.
